NEW LIMA SLEEP CENTER, LIMA, OH

Project inception date: Fall 2004

Project completion date: Spring 2005

Construction cost: \$2,160,493

Construction type: Negotiated GC

Square foot: 14,300

Project scope and description:

The project is a 2 story steel / masonry structure, with brick and EIFS accents. Bronze color framed windows are throughout each floor. A stairway is at both ends of the building, along with elevator access to the 2nd floor Sleep Center area. The lower level will incorporate multiple suites once completed. The owner has incorporated an extensive voice & data system, along with an alarm system.

Project accomplishments:

* Zero Safety Injuries/ Accidents
